

APEX

5 WEEK INDUSTRY ORIENTATION

APEX Information Overview

APEX participants spend five weeks experiencing an introduction to major areas of our field. This introduction includes discussing jobsite readiness and expectations, working hands on with common hand and power tools, material identification, layout, and construction techniques, including introduction to lifts. Graduating participants also receive full set of tool bags with essential hand tools, 25' tape measure, 2' level and a framing square)

THIS CAREER READINESS PROGRAM IS WHOLLY FUNDED BY A \$180,000 GRANT THROUGH THE MN DEPARTMENT OF LABOR & INDUSTRY BY A GRANT FROM THE US DEPARTMENT OF LABOR.
